

**TOWNSHIP OF MANSFIELD
COUNTY OF BURLINGTON**

ORDINANCE 2024-5

AN ORDINANCE REPEALING EXISTING CHAPTER 60B OF THE CODE OF MANSFIELD TOWNSHIP ENTITLED “TREE REMOVAL” AND REPLACING IT WITH A NEW CHAPTER 60B “TREE REMOVAL AND REPLACEMENT”

WHEREAS, the New Jersey Department of Environmental Protection (NJDEP), as a condition of the renewal of Mansfield Township's NJDEP R9-MS4-Tier A Municipal Storm-water Permit, has required the municipality to adopt an updated tree removal and replacement ordinance based on a model ordinance prepared by NJDEP.

NOW THEREFORE BE IT ORDAINED by the Township Committee of the Township of Mansfield, in the County of Burlington and State of New Jersey, that Chapter 60B of the Code of the Township of Mansfield entitled “Tree Removal” is repealed and replaced as follows:

Chapter 60B: Tree Removal and Replacement:

§1. Purpose:

This section establishes requirements for tree removal and replacement in the Mansfield Township, Burlington County, to reduce soil erosion and pollutant runoff, to promote infiltration of rainwater into the soil, and to protect the environment, public health, safety, and welfare.

§2. Definitions:

For the purpose of this section, the following terms, phrases, words, and their derivations shall have the meanings stated herein unless their use in the text of this section clearly demonstrates a different meaning. When consistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words used in the singular number include the plural number. The use of the word "shall" mean that the requirement is always mandatory and not merely directory.

“Applicant” means any “person,” as defined below, who applies for approval to remove trees regulated under this section.

“Critical Root Radius (CRR)” means the zone around the base of a tree where the majority of the root system is found. This zone is calculated by multiplying the diameter at breast height (DBH) of the tree by 1.5.’ For example: a tree with a 6” DBH would have a CRR = 6” x 1.5’ = 9’.

“Development Application” means an application to the Mansfield Township Joint Land Use Board (JLUB) for the division of a parcel of land into two or more parcels, the construction, reconstruction, conversion, structural alteration, relocation or enlargement of any building or other structure, or of any mining, excavation or landfill, and any use or change in the use of any building or other structure, or land or extension of use of land, for which approval may be required by the Municipal Land Use Law;

however, it shall not include an application for a Zoning Permit that does not require subsequent JLUB approval.

“Diameter at Breast Height (DBH) ” means the diameter of the trunk of a mature tree generally measured at a point four and a half (4.5) feet above ground level from the uphill side of the tree.

“Government Agency” means any municipal, county, or state government jurisdiction and instrumentality thereof, including local and regional boards of education and authorities.

“Hazard Tree” means a tree or limbs thereof that meet one or more of the criteria below as determined by the Township Zoning Officer and Environmental Commission. Trees that do not meet any of the criteria below and are proposed to be removed as part of a Development Application are not hazard trees.

1. Has an infectious disease or insect infestation;
2. Is dead or dying;
3. Obstructs the view of traffic signs or the free passage of pedestrians or vehicles, where pruning attempts have not been effective;
4. Is causing obvious damage to structures (such as building foundations, sidewalks, etc.); or
5. Is determined to be a threat to public health, safety, and/or welfare by a certified arborist or a NJ licensed tree expert (LTE).

“Licensed Tree Care Operator (LTCO) and Licensed Tree Expert (LTE)” means professional certifications issued by the NJ Board of Trees Experts as delineated in the Tree Expert and Tree Care Operator Licensing Act of 2010. All tree care companies doing business in that State of New Jersey are required to have at least one licensed LTCO or LTE on staff.

“Person” means any individual, resident, corporation, company, partnership, firm, or association, except government agencies.

“Regulated Tree” means a street tree with DBH of 2.5” or greater or any non-street tree with DBH of 6” or greater.

“Replacement Tree” means either a:

1. Permitted street tree with a minimum tree caliper of 2.5” to be planted in the public-right-of-way;
2. Permitted street tree with a minimum tree caliper of 1.5” to be planted outside public right-of-way; or
3. Permitted evergreen tree with a minimum height of six (6) feet to be planted outside public right-of-way.

“Resident” means an individual who resides on the residential property where a tree(s) regulated by this section is removed or proposed to be removed.

“Street Tree” means a tree planted in the public right-of-way.

“Tree” means a woody perennial plant, typically having a single stem or trunk growing to a considerable height and bearing lateral branches at some distance from the ground.

“Tree Caliper” means the diameter of the trunk of a young tree, measured six (6) inches from the soil line. For young trees whose caliper exceeds four (4) inches, the measurement is taken twelve (12) inches above the soil line.

“Tree Removal” means to kill or to cause irreparable damage that leads to the decline and/or death of a tree. This includes, but is not limited to, excessive pruning, application of substances that are toxic to the tree, over-mulching or improper mulching, and improper grading and/or soil compaction within the critical root radius around the base of the tree that leads to the decline and/or death of a tree. Removal does not include responsible pruning and maintenance of a tree, or the application of treatments intended to manage invasive species.

“Tree Removal Application” means an application to the Township Zoning Officer and referred to the Township Environmental Commission to remove a regulated tree when not part of a Development Application nor for a Zoning Permit that requires subsequent JLUB approval.

§3. **Regulated Activities:**

A. Tree Removal:

1. Unless tree removal is part of a Development Application, no person shall remove a regulated tree until the Township Zoning Officer and the Mansfield Environmental Commission has reviewed and approved a tree removal application.
 - a. Any person planning to remove a regulated tree, other than as part of a Development Application, shall submit a tree removal application to the Township Zoning Officer who shall transmit a copy to the Environmental Commission.
 - 1) The Zoning Officer shall forward a copy of the application to the New Jersey Department of Transportation (NJDOT) for its review and approval when a street tree is within NJDOT’s jurisdiction, e.g., within the public rights-of-way of US Routes 130 and 206, NJ Route 68, and Interstate 295.
 - 2) The Zoning Officer shall forward a copy of the application to the Burlington County Environmental Commission’s Office for its review and approval when a street tree is within Burlington County’s jurisdiction, e.g., within the public rights-of-way of: Burlington-Columbus Road (CR 543); Mount Pleasant / Gaunts Bridge / School House Road (CR 543); Chesterfield-Georgetown Road (CR 545); Wrightstown-Georgetown Road (CR 545); Hedding-Jacksonville Road (CR 628); Florence-Columbus Road (CR 656); Old York Road (CR 660); Hedding-Kinkora Road (CR 678); Atlantic Avenue – New York Avenue (CR 690); and Recovery Road (CR 693).
2. When tree removal is part of a Development Application, no person shall remove a regulated tree until the Township’s Joint Land Use Board has reviewed and approved that application.
3. No utility shall remove a regulated tree until an application to do so has been removed and approved in the manner prescribed by the New Jersey Bureau of Public Utilities (NJBPU).
4. No government agency shall remove a regulated tree until an application to do so has been removed and approved in the manner prescribed by that government agency.
5. Unless determined a hazard tree, the Township Zoning Officer and the Environmental Commission shall not authorize the removal of regulated trees in any freshwater wetlands or freshwater wetlands transition area, or along a regulated water way or riparian zone until all required

approvals have been issued by the Department of Environmental Protection (NJDEP) Division of Land Use Regulation.

B. Exemptions:

1. All persons shall comply with the above, except in the cases detailed below.
 - a. Residents who remove less than four (4) trees per acre in categories 1, 2, or 3 of the Tree Replacement Requirements Table within a five-year period. [The number of trees removed is a rolling count across a five-year period. For example, if 3 trees from category 1 are removed in July 2023, the 'count' resets to zero in July 2028. However, if 1 tree from category 1 is removed in July 2023 and another in July of 2025 the first tree will come off the count in July 2028 and the second in July 2030.] Such tree removals are exempt from tree replacement requirements but are not exempt from the tree removal application process.
 - b. Tree farms in active operation, nurseries, fruit orchards, and garden centers.
 - c. Properties used for the practice of agriculture or silviculture under an approved forest stewardship or woodland management plan that is active and on file with Mansfield Township.
 - d. Any trees removed as part of a municipal or state decommissioning plan. This exemption only includes trees planted as part of the construction and predetermined to be removed in the decommissioning plan.
 - e. Any trees removed pursuant to a New Jersey Department of Environmental Protection (NJDEP) or U.S. Environmental Protection Agency (EPA) approved environmental clean-up, including those by an NJDEP Licensed Site Remediation Professional (LSRP), or NJDEP approved habitat enhancement plan.
 - f. Approved game management practices, as recommended by the State of New Jersey Department of Environmental Protection, Division of Fish, Game and Wildlife.
 - g. Hazard trees removals are exempt from tree replacement requirements but are not exempt from the tree removal application process.
 - h. Clearing, cutting, and/or removal of trees which is necessary to service, maintain, or ensure the continued safe use of a lawfully existing structure, right-of-way, field, park, and/or garden.
 - i. Nuisance trees may be removed with no fee or replacement requirements.
 - j. Trees that are damaged as a result of storms and or other naturally occurring calamities, that if not immediately removed, pose an imminent threat or danger to life and/or property.
 - k. Any tree located on publicly owned land and removed by the public agency or its representatives.
 - l. Any trees removed within 100 feet of any structure for the purposes of fire safety.

- m. Any tree, excluding street trees, with a DBH less than 6.
 - n. Any trees removed within one (1) acre surrounding a residential dwelling.
 - o. Any trees removed for construction of a new single family home, an addition to an existing home, the installation of a new septic system or the repair/ replacement of an existing septic system, or the construction of an accessory structure to the home, such as a patio, deck, tennis court and/or swimming pool, but only to the extent reasonably required, after due consideration of the property owner's design needs, for the construction of the home, the addition, the repair/replacement of the septic system or an accessory structure.
2. If the tree removal is exempt under subsection B.1 above, no tree removal application or exemption request is required. If part of a Development Application, all persons requesting an exemption as described above shall file the following with the Joint Land Use Board:
- a. Documentation from a LTCO or LTE regarding the health of proposed hazard trees.
 - b. Documentation from the Township Tax Assessor of a property as a:
 - 1) Tree farms in active operation, nurseries, fruit orchards, and garden centers; and
 - 2) Properties used for the practice of agriculture or silviculture under an approved forest stewardship or woodland management plan that is active and on file with Mansfield Township.
 - c. Documentation from a government agency of tree removal approval as part of a public agency decommissioning plan. This exemption only includes trees planted as part of the construction and predetermined to be removed in the decommissioning plan provided to the Township Zoning Officer and Environmental Commission.
 - d. Documentation from NJDEP or U.S. Environmental Protection Agency (EPA) of tree removal as part of an approved environmental clean-up, including those by an NJDEP Licensed Site Remediation Professional (LSRP), or NJDEP approved habitat enhancement plan;
 - e. Documentation from NJDEP Division of Fish, Game and Wildlife of tree removal approval as part of an approved game management practice.

C. Tree Removal Application:

- 1. Unless exempt under subsection B, 1, above, any person wishing to obtain approval to remove a regulated tree under the provisions of this section, shall make an application to the Township Zoning Officer and the Environmental Commission or the Joint Land Use Board, if required, by filing a written application and paying such fee as established herein.
- 2. The application shall include, if applicable:
 - a. A project summary of the proposed tree removal and tree replacement program, if required.
 - b. Photographs documenting the condition of proposed trees to be removed.

- c. Documentation from a LTCO or LTE regarding the health of proposed hazard trees.
- d. A Tree Removal / Replacement Plan with the following information:
 - 1) Copy of Property Survey, prepared by a licensed NJ Land Surveyor, showing the property's tax parcel block and lot numbers, outbound dimensions, existing and proposed structures, existing natural features, and the surveyor's contact information, upon which the following information shall be provided:
 - a) The name, mailing address, email address, and telephone number of the owner of the subject property or the owner's duly authorized agent.
 - b) The name, address, and state license identification number of the NJ licensed tree contractor who will be performing the tree removal work. All tree contractors must comply with the NJ Tree Care Licensing Act, N.J.S.A. 45:15C-11 et seq., and the contractor must carry a current/valid LTCO or LTE license from the State of New Jersey. Unless the tree removal is being performed by the landowner, the tree removal must be performed by an LTCO or LTE.
 - c) The total number, location, species, and DBH of each regulated tree proposed to be removed. The tree(s) proposed to be removed shall be clearly marked on the subject property for review by the Zoning Environmental Commission. Where protective barriers are necessary to prevent damage to a tree that is not to be removed, such barriers shall be erected before work starts.
 - d) The total number and approximate location of all regulated trees removed from the property in the preceding five (5) years, if known.
 - e) The location of any deed restricted areas, scenic buffers, and/or HOA restricted areas on the property.
 - f) The location of any proposed grade changes to the property associated with the tree removal.
 - g) The proposed tree replacement program, if required.
 - h) A tree survey will be required on all tracts of 50 acres or more for which tree removal approval is requested.
 - i) Name, mailing address, email address, telephone number, and signature of the person preparing the plan.

D. Guidelines for the preparation of required tree removal plans.

1. Streetscape trees. All trees between the frontage street and the principal building on a lot should be preserved to the maximum extent possible.
2. Trees which visually screen. All trees which visually screen large tracts of vacant land or large structures should be preserved to the maximum extent possible.

3. Trees on steep slopes. No tree on a steep slope should be removed if the Township Zoning Officer and Environmental Commission factually concludes that the removal of the tree will cause increased surface water runoff onto an adjacent property, will cause increased soil erosion and/or silting, will cause significantly increased dust in the air, and/or will cause a decrease in the fertility of the soil.
4. Solar installations. No trees should be removed or "topped" to expose ground-mounted or roof-mounted solar panels unless expressly permitted as a part of the zoning permit application process.
5. Trees within buffers. No tree should be removed that is located within a buffer that was created as a condition of approval of a development approved by the Planning or Zoning Board, or within recorded Homeowners' Association, without approval of the board or body that imposed the buffer.

E. Tree Replacement Requirements:

1. Any person, utility, or government agency who removes one or more street tree(s) with a DBH of 2.5" or greater, unless exempted above, shall be subject to the requirements of the Tree Replacement Requirements Table below.
2. Any person, other than a resident, who removes one or more tree(s) with a DBH of 6" or greater per acre, unless exempted above, shall be subject to the requirements of the Tree Replacement Requirements Table.
3. Street trees shall be replaced with permitted street trees. The species type and diversity of all replacement trees shall be in accordance with Appendix A.
4. Replacement tree(s) shall:
 - a. Be replaced in kind with a tree of the same species that has an equal or greater DBH than the tree removed or meet the Tree Replacement Criteria in the table below;
 - b. Be planted within twelve (12) months of the date of removal of the original tree(s) or at an alternative date specified by the Township Environmental Commission;
 - c. Be monitored by the applicant for a period of two (2) years to ensure their survival and shall be replaced as needed within twelve (12) months; and
 - d. Shall not be planted in temporary containers or pots, as these do not count towards tree replacement requirements.

Tree Replacement Requirements Table:

Category	Tree Removed (DBH)	Tree Replacement Criteria (See Appendix A)	Fee in lieu of Tree Replacement
1	DBH of 2.5" (for street trees) or DBH of 6" to 12.99" (for non-street trees)	Replant 1 replacement tree for each tree removed	\$400
2	DBH of 13" to 22.99"	Replant 2 replacement trees for each tree removed	\$800
3	DBH of 23" to 32.99"	Replant 3 replacement trees for each tree removed	\$1,200
4	DBH of 33" or greater	Replant 4 replacement trees for each tree removed	\$1,600

F. Replacement Alternatives:

1. If the Township Zoning Officer and the Environmental Commission determine that some or all required replacement trees cannot be planted on the property where the tree removal activity occurred, then the applicant shall do one of the following:
 - a. Plant replacement trees in a separate area(s) approved by The Township.
 - b. Pay a fee of \$400 per tree removed. This fee shall be placed into a fund dedicated to tree planting and continued maintenance of the trees.

G. Time of Approval:

1. Any and all tree removal and replacement approvals issued by the Township Zoning Officer and the Environmental Commission as required by this Chapter, shall be voided if commencement of work so permitted is not started within a reasonable time, not to exceed six (6) months. In no case will the approval permit be valid for more than twelve (12) months. Permits not used within this period will be voided, be voided and all future work will require a new application. For the purposes of this section, a permit shall no longer be valid when the work authorized by the permit is completed.
2. Any and all tree removal and replacement approvals issued by the Township' Joint Land Use Board as required by this section chapter, shall be completed in accordance with the Board's Development Application approval.

§4. Enforcement:

This section shall be enforced by the Township Zoning Official and the Township Environmental Commission. In the case of a Development Application, the professional designated by the Joint Land Use Board shall perform the duties set forth in in this Chapter and shall be responsible for the enforcement of this Chapter.

§5. Fees: An administrative fee of \$25 shall be required upon submission of a permit for the tree removal application, unless the proposed tree removal is part of a Development Application in which case the application fee and review escrows shall be as required for the Development Application. All fees collected for tree removal application will be collected by the Zoning Officer and deposited into a Tree Bank trust account, maintained

by the Township Chief Finance Office. Any expenditure of said fees must be approved by the Township Administrator and Chief Financial Officer and be utilized only for the purposes of tree planting and continued maintenance of the trees in the Township of Mansfield.

§6. Violations and Penalties:

Any person(s) who is found to be in violation of the provisions of this section shall be subject to a fine of \$600 per tree to cover the amount of the required replacement tree(s) and cost(s) of planting. Cutting of each tree covered by this Chapter shall be considered as a separate and independent violation of this chapter.

APPENDIX A: MANSFIELD TOWNSHIP TREE SPECIES LIST

Remarks	Botanical Name	Common Name
Permitted Large Street Tree	<i>Acer rubrum</i> 'Armstrong'	'Armstrong' Red Maple
Permitted Large Street Tree	<i>Acer rubrum</i> 'Autumn Blaze'	'Autumn Blaze' Red Maple
Permitted Large Street Tree	<i>Acer rubrum</i> 'Bowhall'	'Bowhall' Red Maple
Permitted Large Street Tree	<i>Acer saccharum</i> 'Bowhall'	'Bowhall' Sugar Maple
Permitted Large Street Tree	<i>Acer saccharum</i> 'Green Mountain'	'Green Mountain' Sugar Maple
Permitted Large Street Tree	<i>Ginkgo biloba</i> (male)	Ginkgo
Permitted Large Street Tree	<i>Ginkgo biloba</i> 'Princeton Sentry' (male)	'Princeton Sentry' Ginkgo (male)
Permitted Large Street Tree	<i>Gleditsia tricanthos inermis</i> 'Halka'	'Halka' Honeylocust
Permitted Large Street Tree	<i>Gymnocladus dioicus</i>	Kentucky Coffeetree
Permitted Large Street Tree	<i>Plantanus x acerifolia</i> 'Columbia'	'Columbia' Planetree
Permitted Large Street Tree	<i>Platanus occidentalis</i>	American Sycamore
Permitted Large Street Tree	<i>Quercus alba</i>	White Oak
Permitted Large Street Tree	<i>Quercus phellos</i>	Willow Oak
Permitted Large Street Tree	<i>Quercus rubra</i>	Red Oak
Permitted Large Street Tree	<i>Sophora japonica</i> 'Regent'	'Regent' Scholar Tree
Permitted Large Street Tree	<i>Tilia americana</i> 'Redmond'	'Redmond' Linden
Permitted Large Street Tree	<i>Tilia cordata</i> 'Greenspire'	'Greenspire' Linden
Permitted Large Street Tree	<i>Ulmus</i> 'Morton' Accolade'	Accolade' Elm
Permitted Large Street Tree	<i>Ulmus americana</i> 'Princeton'	'Princeton' American Elm
Permitted Large Street Tree	<i>Zelkova serrata</i> 'Green Vase'	'Green Vase' Zelkova
Permitted Large Street Tree	<i>Zelkova serrata</i> 'Village Green'	'Village Green' Zelkova
Permitted Medium Street Tree	<i>Cladrastis kentukea</i>	Yellowwood
Permitted Medium Street Tree	<i>Koelreuteria paniculata</i>	Goldenrain Tree
Permitted Medium Street Tree	<i>Prunus kwanzan</i>	Kwanzan Cherry
Permitted Underwire Street Tree	<i>Amelanchier x grandiflora</i> 'Autumn Brilliance'	Serviceberry
Permitted Underwire Street Tree	<i>Cercis canadensis</i> 'Alba'	White Eastern Redbud
Permitted Underwire Street Tree	<i>Cercis canadensis</i> 'Forest Pansy'	'Forest Pansy' Redbud
Permitted Underwire Street Tree	<i>Maackia amurensis</i>	Amur maackia
Permitted Underwire Street Tree	<i>Syringa reticulata</i> 'Ivory Silk'	Japanese Tree Lilac
Permitted Evergreen Tree	<i>Abies concolor</i>	White Fir
Permitted Evergreen Tree	<i>Chamaecyparis nootkatensis</i>	Alaskan Cedar
Permitted Evergreen Tree	<i>Cryptomeria japonica</i> 'Yoshino'	Cryptomeria
Permitted Evergreen Tree	<i>Ilex</i> 'Nellie R. Stevens'	'Nellie R. Stevens' Holly
Permitted Evergreen Tree	<i>Ilex opaca</i>	American Holly
Permitted Evergreen Tree	<i>Ilex x aquipernyi</i> 'Dragon Lady'	'Dragon Lady' Holly
Permitted Evergreen Tree	<i>Juniperus virginiana</i> 'Emerald Sentinel'	'Emerald Sentinel' Juniper

Permitted Evergreen Tree	<i>Picea pungens</i>	Colorado Spruce
Permitted Evergreen Tree	<i>Picea abies</i>	Norway Spruce
Permitted Evergreen Tree	<i>Picea glauca</i>	White Spruce
Permitted Evergreen Tree	<i>Picea omorika</i>	Serbian Spruce
Permitted Evergreen Tree	<i>Pseudotsuga menziesii</i>	Douglas Fir
Permitted Evergreen Tree	<i>Thuja x plicata</i> 'Green Giant	'Green Giant' Arborvitae
Permitted Evergreen Tree	<i>Tsuga canadensis</i>	Canadian Hemlock
Prohibited Invasive Tree	<i>Acer ginnala</i>	Amur Maple
Prohibited Invasive Tree	<i>Acer platanoides</i>	Norway Maple
Prohibited Invasive Tree	<i>Acer pseudoplatanus</i>	Sycamore Maple
Prohibited Invasive Tree	<i>Ailanthus altissima</i>	Tree-of-heaven
Prohibited Invasive Tree	<i>Albizia julibrissan</i>	Mimosa
Prohibited Invasive Tree	<i>Alnus glutinosa</i>	European Black Alder
Prohibited Invasive Tree	<i>Aralia elata</i>	Japanese Angelica Tree
Prohibited Invasive Tree	<i>Aralia spinosa</i>	Devil's Walking Stick
Prohibited Invasive Tree	<i>Broussonetia papyrifera</i>	Paper-mulberry
Prohibited Invasive Tree	<i>Catalpa bignonioides</i>	Catalpa
Prohibited Invasive Tree	<i>Elaeagnus angustifolia</i>	Russian Olive
Prohibited Invasive Tree	<i>Elaeagnus umbellata</i>	Autumn Olive
Prohibited Invasive Tree	<i>Kalopanax septemlobus</i>	Castor aralia
Prohibited Invasive Tree	<i>Magnolia tripetala</i>	Umbrella Tree
Prohibited Invasive Tree	<i>Malus toringo</i>	Japanese Crabapple
Prohibited Invasive Tree	<i>Morus alba</i>	White Mulberry
Prohibited Invasive Tree	<i>Morus australis</i>	Chinese Mulberry
Prohibited Invasive Tree	<i>Paulonia tomentosa</i>	Empress Tree
Prohibited Invasive Tree	<i>Phellodendron amurense</i>	Amur Corktree
Prohibited Invasive Tree	<i>Populus alba</i>	White Poplar
Prohibited Invasive Tree	<i>Populus x canescens</i>	Gray poplar
Prohibited Invasive Tree	<i>Prunus avium</i>	Sweet Cherry
Prohibited Invasive Tree	<i>Pyrus calleryana</i>	Callery/Bradford Pear
Prohibited Invasive Tree	<i>Robinia pseudoacacia</i>	Black Locust
Prohibited Invasive Tree	<i>Salix alba</i>	White Willow
Prohibited Invasive Tree	<i>Salix matsudana</i>	Chinese Willow
Prohibited Invasive Tree	<i>Ulmus parvifolia</i>	Chinese Elm
Prohibited Invasive Tree	<i>Ulmus procera</i>	English Elm
Prohibited Invasive Tree	<i>Ulmus pumila</i>	Siberian Elm
Prohibited Street Tree	<i>Acer campestre</i>	Hedge Maple
Prohibited Street Tree	<i>Acer ginnala</i>	Amur maple
Prohibited Street Tree	<i>Acer palmatum</i>	Japanese Maple

Prohibited Street Tree	Cornus, all species	Dogwood, all species
Prohibited Street Tree	Crataegus, all species	Hawthorn, all species
Prohibited Street Tree	Fagus, all species	Beech, all species
Prohibited Street Tree	Fraxinus, all species	Ash, all species
Prohibited Street Tree	Ginkgo biloba (female)	Maidenhair
Prohibited Street Tree	Gleditsia tricanthos (common, thorny)	Honeylocust (common, thorny)
Prohibited Street Tree	Halesia diptera	Silverbell
Prohibited Street Tree	Juglans, all species	Walnut, all species
Prohibited Street Tree	Liquidambar styraciflua (female)	Sweetgum (female)
Prohibited Street Tree	Malus, all species	Crabapple, all species
Prohibited Street Tree	Metasequoia glyptostroboides	Dawn Redwood
Prohibited Street Tree	Maclura pomifera	Osage Orange
Prohibited Street Tree	Salix, all species	Willow, all species
Prohibited Street Tree	Taxodium distichum 'Shawnee Brave'	'Shawnee Brave' Bald Cypress
