DEPARTMENT REPORTS

Police Report: Chief Mulhall said, since the last meeting, there had been two additional vehicle burglaries, one in the Hedding area and one on Temple Avenue. Their investigation indicated the same suspect that they have seen before is responsible or involved. The detective is working on leads he has developed. Two vehicle thefts were reported from the Manheim Auto Auction. No other vehicle thefts were reported in the Township. The State Attorney General Office did release information about the spike in state wide motor vehicle thefts. He reminded everyone to take all the precautions they can to prevent from being victimized. Highlighted models most desirable were Honda Accord, Jeep Grand Cherokee, Honda CRV, and Hyundai Sonata. Others were BMW, Audi, Mercedes, and Land Rovers. He said to take precautions.

On March 5th, there was a dispute in Bordentown Township leading our officers to enter a residence in our township to locate suspects. A vehicle was located in our township. One occupant fled the vehicle followed by our officers giving chase on foot and with assistance from another agency with a canine who tracked the suspect who was taken into custody. The driver of the vehicle was arrested with DWI.

Chief Mulhall said they are upgrading their modem on their speed sign and will have it in service soon. Any requests for the sign in specific problem areas are being accepted.

Fire Prevention/OEM Report

Chief DuBell said they have had one dwelling fire with a civilian injury, one brush fire, two truck fires, one cooking fire, 8 residential alarm systems, and 4 motor vehicle accidents –two with injuries for a total of 17 calls. As of the year 2022, they have had 78 calls. The department has completed required testing with necessary replacements of certain equipment. The new rescue truck has been put in service. Active members have completed training and refresher grills are being held. Volunteers are needed. Upcoming events include a hoagie sale and movie night in the park.

EMS Report

George Senf reported that there is progress on a bill in the assembly which will allow increase in moneys for the local squad. There has been no movement on the new ambulance on order from July of last year. Covid calls have dropped dramatically.

Engineer's Report

Doug Johnson reported that the corner of Island Road and Mansfield Road East is being reviewed for the cause of the ruts with standing water. The culvert replacement on Mill Lane is progressing. Traffic control will be addressed during the construction. Mr. Johnson referred to Land Use approvals and progress being made on the Route 206 Mansfield Realty North site, Margolis Phase II, the Margolis Bridge, Jones Farm warehouse on Route 130, PSE&G substation on Old York Road, and the APWC Worship House on White Pine Road.

Committeeman Tallon referred to Mill Lane pipe which goes under the railroad tracks which is owned by the County. However, Mr. Johnson noted they are limiting any service outside the roadway. Committeeman Tallon further referred to some undermining of water near the highway at the dam located at the municipal complex. He felt the DOT should be informed of possible erosion of the highway and asked Engineer Johnson to review this area. Our public works department is to be alerted of this situation. Mayor Mojena noted the beacon being installed at the municipal building and asked when it will be on line. Administrator Fitzpatrick said this has been ongoing for several years and progress is being made although a completion date has not been determined.

DWP Report

Due to the absence of Brandon, Administrator Fitzpatrick reported the baseball fields are almost completed. Veteran's Park has been cleaned up and mulched. The gazebo is to be power washed. Sink hole repairs have been a major focus now. The ditch on Mill Lane will be repaired with stone. The roller rink has been removed for safety reasons. Problematic bag worms on the trails are being removed. Spring clean-up is on-going. A flyer has been distributed. The storm water MS4 permitting process is ongoing. The Department is also cleaning the upstairs of the municipal building so it can be utilized in the future.

DISCUSSION ITEMS/PUBLIC HEARINGS/PRESENTATIONS TO COMMITTEE

(a) Electric Vehicle Infrastructure for Major Site Plan

Attorney Prime noted a recently passed statute requiring all major subdivision for residential uses and major site plans to install a minimum amount of electrical vehicle charging stations. There have been applications before the JLUB Board for some uses incidental to agricultural uses such as a winery with wine tasting or a small farm market. Although major site plan according to the ordinance, they would be required to install a minimum number of charging stations which are very expensive. He recommended to include an ordinance to include changing a definition of a minor site plan to exempt agricultural uses, commercial facilities incidental to agricultural uses. This would prevent the minor site plans from having to include stations. Larger developments including affordable housing projects would be subject to it.

Administrator Fitzpatrick said he recently attended a seminar about the EV Stations and noted that pricing can be astronomical for smaller businesses. Committeeman Tallon agreed this is a large expense for a small business. Mayor Mojena agreed and added it would discourage small businesses. The Committee agreed to have this ordinance as proposed by Attorney Prime.

NEW BUSINESS

Committeeman Golenda said Ms. Zola, in charge of Girl Scout Troop 26288 said she has two 8th Graders who live in Country Walk who would like to, as part of their Silver Service Project, create a kid's library in the Community Park. Although concerns had been expressed one of which was vandalism, the amount of materials assembled for the library was questioned. Ms. Zola said that, if there is any damage to the library, they would fix it immediately. In addition, they would monitor it on a bi-weekly basis to make sure it is appropriate for k-6. Administrator Fitzpatrick was concerned that other ideas had been turned down before and questioned the fairness. He was concerned about vandalism and possible pornographic material and expressed caution.

Mayor Mojena suggested having the Girl Scout's make a presentation to the Committee. Committeeman Tallon said the Grange had a library at their location. Administrator Fitzpatrick noted a lot of vandalism in the park and was cautious to have something like this subject to possible vandalism although it is a good idea possibly in a different location. Committeeman Golenda will contact the Girl Scouts and have them attend the next meeting.

Committeeman Tallon commented on the passage of Ordinance 2022-4 noting that the Township, through this ordinance, will have more control over developers which had been part of state regulations in the past. He was glad this ordinance was passed for the good of the township.

Mayor Mojena said he received a nice e'mail from a Four Seasons resident complimenting the office employees. This resident also referred to the replacement of a LED street light near her home, saying this light illuminated the area more than the other light and hoped more LED lights would be used.

NEW BUSINESS

Mayor Mojena referred to the NJBPU Clean Energy Program working alongside PSE&G

that offers the ability to do an audit of our entire facility to look at the extent of what can be done to upgrade our lights and improve our energy and cost. This could be a substantial cost savings for the township in terms of payments and what they would offer in terms of supporting the township in this project. **Mayor Fitzpatrick** said the audit has been complete. We are now waiting for paper work to come back after which a meeting will be scheduled. The down side could be the cost, a possible stumbling block. The LED bulbs are quite expensive. However, this will be considered to see if it will benefit us after cost is determined and how they will work with us. Committeeman Golenda said that we should consider, when switching to LED lights is the environmental impact it has on our pollinators, specifically moths. He suggested reaching out to Don or Steve Knezick to get their feedback on the impact on local pollinators. **Mayor Mojena** referred to cost savings incurred at Northern when they went to LED lights.

Mayor Mojena referred to Administrator Fitzpatrick in regard to our future hybrid meetings. Hopefully, we can return to in person meetings as soon as the equipment is set up. Clerk Semus said equipment is being received but may not all be her by the next meeting. She suggested live streaming while holding the meeting in the court room.

Mayor Mojena said we are progressing on our web page. Proposals have been received from various vendors. After some more negotiations, two vendors are being considered at this point and a decision will be forthcoming.

Mayor Mojena said consider has been given to hold potential town hall meetings, an all public comment session where the committee can go to different locations. Here the public can speak. Hopefully this can be implemented soon.

PUBLIC COMMENT

Leah DiFlippo, 2225A Old York Road, spoke of the Library Box. As President of the Columbus Grange, she worked with Habitat for Humanity to build a Library Box for the Grange. There is no age limit for their books. She noted that a lot of communities have these boxes with a wooden door where a book exchange is available. The one in the park would be for children. She encouraged approval of the library and felt it would benefit our community.

Joseph VanMater, 26954 Mt. Pleasant Road, complimented the Committee and said they were doing a "good job".

MOTION FOR ADJOURNMENT
