CHAIRPERSON REPORT

I am sorry but I am unable to attend the meeting. Here is my report:

Thank you to everyone for volunteering your time on this committee. We DO make a difference. I know that the wheels of government do not always work as quickly as we would like, but we have made great strides over the years thanks to you! . I can't thank you enough for volunteering, coaching, attending meetings and being a part of the committee that has such an impact on our youth! For those who are not returning, you will be missed; maybe you will consider helping on subcommittees' or continuing to be our eyes and ears on the field. Your input is always welcome. I hope we all stay in touch as the friendships we have made over the years are ones that I hope will continue. I call this committee my recreation family!! Please extend my gratitude to your family as well. Volunteering is definitely a "family" commitment and their patience and support is also appreciated.

I would also like to give a special thank you to Committeemen Higgins for being our liaison for so many years and for always supporting recreation. He has been instrumental over the years with helping us find grant money, help manage finances and being a champion for our volunteers, the kids in our community and our program. His support of recreation has always been consistent and unwavering and I will always be thankful for your support and your commitment to our community.

Thank you all again, and best wishes to everyone for a wonderful and safe holiday season.
