- Paper leaf bags should be placed for collection between the sidewalk and curb whenever possible. The bags **should not** be placed in the street along the curb, as this may impede the flow of storm water.
- Please do not put leaves in plastic bags for trash collection.

**Township Ordinance 25-6.B.6** – No owner, occupant and/or tenant of a residential property shall rake, blow, push and/or drag leaves from his or her property onto public streets. All leaf removal will be pursuant to the collection system approved by the Township.
